Subject: Work Performed by ECA

Dear Marvin:

The purpose of this letter is to express our appreciation for the great work and responsive service your firm has provided to Crown Castle over the past few years. Your organization has really made a difference in terms of our delivery times of regulatory packages, and ultimately, sites to our clients.

Our records indicate the ECA has completed over 1,160 Environmental and Geotechnical Projects over for Crown Castle since 1999.

Early in the relationship we discovered ECA to be overall more responsive, more cost efficient and more accurate in its work than other firms we had experienced. This level of performance has remained unbelievably consistent. As a result, your firm is now awarded the majority of our work and most of our acquisition managers will use no regulatory consultant other than ECA. We find the level of your work to be extraordinary within your industry.

Thank you again, and we look forward to a continued relationship with ECA.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'John Emacio', written in a cursive style.
