November 22, 2005

Mr. Marvin Webster
Environmental Corporation of America
1375 Union Hill Industrial Court
Suite A
Alpharetta, Georgia 30004

Dear Marvin:

I am writing to thank you and Environmental Corporation of America (ECA) for your diligent efforts during 2004 and 2005. Our records indicate that ECA completed environmental and regulatory documentation on approximately 50 tower sites for Southeast Towers over the past year.

ECA's expertise has helped Southeast Towers avoid potential environmental and regulatory issues. In addition, when regulatory issues do arise, your staff is quick to provide analysis of possible solutions that keep our projects on track. ECA's reputation and relationships with the various SHPOs, U.S. Fish and Wildlife Service (FWS) offices, and Tribes have certainly benefited Southeast Towers.

We believe that ECA understands how critical it is to our business that we meet time commitments made to our customers. ECA's thorough biological reports addressing protected species concerns have been very well received by FWS officials, which allowed us to obtain approvals more quickly. Thank you for the contribution your team has made toward our success.

Sincerely,

Carrie L. Kirk
President
