Dear Marvin:

I am writing to thank ECA for it's outstanding service in performing recent Environmental Assessments and Wetlands studies for the Stephens County Development Authority. You have always delivered understandable, technically accurate reports. You have also kept every schedule commitment you have made and have always delivered projects within the agreed budgets.

As Executive Director of Stephens County Development Authority, it is critical that I work with a consultant that understands and effectively communicates the implications of assessment findings. Identifying potential problems and cutting quickly to the solutions allows me to focus on creating growth opportunities for our communities.

I commend you on your responsiveness, your diligence, and your level of professionalism.

Sincerely,

Lonnie M. Edenfield, Jr.  
Executive Director
