Dear Ralph:

I am writing to thank ECA for an outstanding effort in performing multi-disciplined, multi-site Environmental Assessments and Regulatory Compliance Audits on what appeared to be an impossible schedule. I greatly appreciate ECA's diligence and professionalism in conducting the work.

I am impressed with the ability of ECA, a relatively small company, to complete a demanding and comprehensive assessment of multiple facilities in North Carolina, South Carolina, and Virginia, including site inspections, a compliance audit, and soil sampling, in a minimal amount of time. I commend your staff for meeting our schedule and providing quality work, while also staying within the original budget.

I am pleased to have discovered a firm with a responsive and cooperative attitude and the ability to view environmental work from the client's perspective.

Again, thank you for your effort.

Sincerely,

J. Michael Childers
