Mr. Marvin Webster
Environmental Corporation of America
4095 Nine McFarland Drive
Alpharetta, Georgia 30004

Dear Mr. Webster:

I am writing to commend you and ECA on more than 10 years of outstanding service to BellSouth and its affiliate companies. Our records indicate that ECA has completed over 266 environmental projects, including Phase I and Phase II Assessments, Spill Response and Site Remediation, Asbestos and Lead Paint Surveys, Underground Storage Tanks Assessments, and many other tasks.

Since assuming total responsibility for Georgia environmental and safety activities in 1998, I have had the pleasure of working with ECA on a routine basis. Your work product is of excellent quality and your responsiveness and level of service is extraordinary and refreshing. ECA seems to always come through on its timeline commitments regardless of the time constraints we sometimes face when entering and exiting properties and facilities. Your practical, no nonsense approach has saved our corporation countless manhours and dollars, both of which contribute to the bottom line success of our business.

Thanks for all your help over the years and keep up the good work!

Best Regards,

Debbie Albert, REM/CEA
Area Environmental/Safety Manager - Georgia
